Love My Pet Wellness Plans include the examinations, services, and diagnostics that provide the most comprehensive wellness care and early disease detection for your pet at every stage of life, from the time yours is a puppy or kitten through the senior years. Treats and toys aside, a wellness plan is the best gift you can give your beloved pet!

A wellness plan breaks up your veterinary costs into monthly payments to help you manage them. With Love My Pet Wellness Plans, we even throw in a discount on plan services. You even receive a discount on services outside the plan to ensure you can afford the best healthcare for your pet.

The Path to a Long, Healthy Life

LOVE MY PET *Wellness Plans*

Wellness plans provide pet owners with peace of mind. Be confident that you are providing the best in preventive medicine for your pet to stay healthy and happy.

Best Care, BUDGETED

You asked, we listened.

Many pet owners are interested in being able to budget annually for their pets' preventive care by making automated monthly payments. Our **Love My Pet** plans make that possible. Enrolling your pet in one of our plans allows you to provide the very best in preventive medicine without breaking the bank.

Wellness plans are not the same as pet insurance.

The purpose of our **Love My Pet** wellness plans is to ensure that your pet receives the care needed for optimal health and to proactively prevent and/or detect diseases earlier. Pet insurance covers costs associated with illness, emergency, or injury. Wellness plans and pet insurance are a perfect pair. They mean always being able to say "yes" to the very best for your pet. If you would like a recommendation for pet insurance, please let us know.

Puppy & Kitten PLANS

With a **Love My Pet** Wellness Plan, you never need to compromise. After a one-time enrollment fee, your entire year of best care veterinarian-recommended services is included in each plan.

Staying Healthy for a Long, Active Life

Regular exams reassure you and catch problems early. Whether it's chronic ear disease, allergies, or something more serious, we are here to help.

Regular Screenings

Just as with humans, annual lab work allows us to monitor trends over time and catch diseases in their early stages, before they get serious.

Behavioral & Nutritional Consultations

We have a wealth of information to share so your pet is healthy and a good family member.
